Scholars Central

- Scholars Central was initiated to be the knowledge mirror of the technological advancements around the globe. Scholars Central stands out in the competitive marketplace because of the quality standards and innovative offerings to its readers at one place. Apart from international quality articles and research papers, Scholars Central also portrays a wide range of other science centric features such as Conferences, Funding Agencies and News updates which cater to the academic community at large.

- Scholars Central will explicitly act like a Science Search Engine which will provide absolute information as well as updates on Scientific Events and Research front.

SCIENCES Blog

- Sciences Blog consists of world class science articles, latest science facts which cover the entire spectra of science. Sciences blog and research blog are so closely intertwined so that all facts related to research finds a place in this study blog.

- Utilization of science blog will have a significant impact in increasing the knowledge and application of the same.
